Note: When sending quote requests, please assist us with Actual weight and dimensions of the shipment. Charges can be based on **Actual weight** or **Volumetric weight** depending on which one is greater.

Volume weight = (Length x height x width)/2000

Export Documentation charges

In a case where we process export documents on behalf of a client, an amount of R500 or the equivalent of it in ZMW will be charged

International collections charges

We do collections on behalf of clients. Charges are based on distance covered from our warehouse to collection point
